## Woman's Trials.

The bitter trial in a woman's life is to be childless. Who can tell how hard the struggle may have been, or how she learns to resign herself to her lonely lot? The absence of this link to bind marital life together, the absence of this one pledge to mutual affection, is a common disappointment. Many unfortunate couples become estranged thereby. Even if they do not drift apart, one may read the whole extent of their disappointment in the eyes of such a childless couple when they rest on the children of others. To them the largest family does not seem too numerous. In many cases of barrenness or childlessness the obstacle to child-bearing is easily removed by the cure of weakness on the part of the woman. Dr. Pierce's Favorite Prescription has been the means of restoring health and fruitfulness to many a barren woman, to the great joy of the household. In other, but rare cases, the obstruction to the bearing of children has been found to be of a surgical character, but easily removable by painless operative treatment at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., over which Dr. Pierce of the "Favorite Prescription" fame presides. In all cases where children are desired and are absent, an effort should be made to find out the real cause, since it is generally so easily removed by proper treatment.

In all the various weaknesses, displacements, prolapses, inflammation and debilitating, catarrhal drains and in all cases of nervousness and debility, Dr. Pierce's Favorite Prescription is the most efficient remedy that can possibly be used. It has to its credit hundreds of thousands of cures—more in fact than any other remedy put up for sale through druggists, especially for women's use. The ingredients of which the "Favorite Prescription" is composed have received the most positive endorsement from the leading medical writers on the Medicine of all the several schools of practice. All the ingredients are printed in plain English on the wrapper enclosing the bottle, so that any woman making use of this famous medicine may know exactly what she is taking. Dr. Pierce takes his patients into his full confidence, which he can afford to do, as the formula under which the "Favorite Prescription" is made will bear the most careful examination.

Dr. Pierce's Pleasant Pellets are the best and safest laxative for women.

## SOFTNESS OF SKIN.

## Is Rivalled by Human Hair Where Dandruff is Eradicated.

Scalpin is admitted the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. No other scalpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful splits of hair to "Eradicator." Sold by leading druggists. Send 10c. in stamps to The Herpelde Co., Detroit, Mich.

## Suicide of a Young Woman.

Unable to bear longer the contumely brought upon herself and family by an unfortunate love affair, the daughter of a Confederate colonel, 16-year-old Effie Leavell, died early Saturday morning at the German Hospital in Philadelphia, as a result of poison which she took with suicidal intent nearly three weeks ago.

A heartbroken mother lies prostrate with grief in their home, while in the Eastern Penitentiary, James Evans is paying a five-year sentence for a crime which shocked the community about one year ago.

Deserted by even her own blood relations, Mrs. Leavell, with her three daughters, was left to fight the world alone.

Col. B. F. Leavell, her husband, a wealthy orange planter, had died three years before of heart disease, having lost his fortune. With a small amount of money Mrs. Leavell had gone to Philadelphia and opened a boarding-house.

While living there a young man, who said that he would shortly fall heir to \$25,000, was a frequent visitor. According to the testimony, Evans met Effie Leavell clandestinely, and one day lured her to a house, with the result that he soon found himself behind prison bars, charged with a serious offense.

The Leavells moved away from the district, but the girl brooded over her shame. About three weeks ago she called her mother to her room. "I have taken poison, mother," said the girl. "I could stand it no longer."

An empty bottle of bichloride of mercury confirmed the statement. A physician was called in, and under his care the girl improved, but later had a relapse, and she died in the hospital Saturday.

## Killed by Rifles.

Two members of Company D, State constabulary, located at Panxutawney, Pa., were killed, two seriously and three more slightly wounded in an encounter with rioting Italians yesterday evening.

The scene of the trouble was New Florence, a small mining town, about 15 miles south of Dubois.

The trouble started when Sergeant Logan attempted to arrest an Italian game law violator, who was carousing with companions. The man took refuge with 14 other contraband in a house and fired a volley at the constable, who then telephoned to the barracks for help.

Five officers responded. Approaching the house, they received a heavy volley from the foreigners. Private Henry being killed and Private Mullen wounded.

A few moments later the State police made a gallant dash to recover Henry's body, and were met with a sharp volley. More State troops reached the battle ground. A charge was made, and the door of the house battered in. The foreigners fired so fiercely that the troops were forced to abandon an attempt to fight their way to the second floor.

The troops retreated, carrying the body of their dead companion with them. All the available members of the troop surrounded the house and exchanged shots with the miners.

Late last night the troops were preparing to dynamite the dwelling, and more bloodshed is probable.

## Hurled Boy Alive.

Robert Gordon, 16 years old, yesterday confessed that he struck Joseph Reed, eight years old, with a brick, stunning him, and then buried him alive beneath a sidewalk in front of his father's home in Chicago. The boy's body was found where Gordon said he had buried it, and Gordon was arrested.

The absence of the Reed boy was noticed about 3 o'clock Saturday afternoon and search was begun for him. Gordon led the elder Reed through the neighborhood for several hours and about 10 o'clock Saturday night took him to where the boy was buried and assisted in digging the body up. When taken to a police station Gordon confessed that he had enticed the boy to the basement of the Reed home and mistreated him. When Reed attempted to escape Gordon struck him on the head with a brick. He then buried him alive under the sidewalk. Five other boys, ranging in age from 15 to 20 years, who had been drinking with Gordon before the crime became known, are held by the police. The Reed and Gordon families live near one another and have been friends for several years.

## Discovered by Bloodhounds.

The four-year-old son of John Dowd, of Sanderfield, New York, wandered away from his mother Saturday while she was at work in George Allen's hophard at that place, and although searching parties scoured the country for miles around Saturday night and yesterday, no trace of the missing boy was discovered until last night at 7 o'clock, when bloodhounds came upon the child in Nine Mile Swamp, several miles from the spot where his mother last saw him. The boy was found seated on a log weeping and greatly weakened from lack of food.

and his exertions, but otherwise none the worse for his experience. The child had wandered about in the swamp all Saturday night and most of yesterday seeking a path that would lead him back to his home. His parents had concluded that he was drowned, but others thought he had been kidnapped.

## Third Annual September Sale of Furniture.

33 1-3 to 50 per cent. below actual value.

Today we begin our Third Annual September Furniture Sale. Introduced as an innovation two years ago, these sales have so amply rewarded our efforts that we have determined to make them a permanent feature of our yearly events—giving equally careful thought to their preparation as we bestow upon our other notable annual sales.

With the usual discrimination and care with which our purchases are always made, our buyer personally visited the factories and selected only that high grade of furniture which is compatible with our standard—this demands even of the best manufacturers that class of construction, finish and guaranteed durability which mark our requirements in furniture, either made to order or bought from the regular stock.

This sale is designed to meet the requirements of all tastes, and in its scope includes furniture of such variety as to make possible the execution of any furnishing plan determined for the home. And it is our pleasure and good fortune to offer furnishings of service and durability, as well as of decorative value, at such prices as will fulfill the economic ideas of the housekeeper.

That enduring quality in material and design which lends character to the furnishings of a house is an essential feature in all the furniture offered in this sale.

Appropriateness is another feature for which we have provided, and our lines of furniture are broad in variety and generous in price concessions. Excellent values are offered in furniture for parlor, dining-room, bedroom, library and office.

This furniture ranges in style from simplicity to quiet elegance, from usefulness to beauty, and yet combines both, as we cater also to the artistic, as well as to the practical and serviceable sides of the house furnishing.

Our Furniture Department is conveniently located on the sixth and seventh floors of the G Street building, in commodious quarters, which afford ample space and light in which to display to the best advantage this new stock.
